

Do you want to help improve health and social care services?

HSE West and North West Patient and Service User Council and Panel

- People from all backgrounds and communities use health and social care services.
- Your experiences and ideas are vital if we are to improve services together.
- Your contribution, working with others, will help change services for you and others.

Ways to get involved

Join the Patient and Service User Panel

- Work with other people, share your experiences and ideas about how to improve services

Apply for the Patient and Service User Council

- Join formal meetings about how services are working and advise senior HSE staff about possible changes
