## Process to refer a patient to the RUH Medical Assessment Unit

- General Practitioner telephones the Roscommon University Hospital switchboard between the hours of 09:00 and 17.00 on 090 66 26200
- Switchboard then transfers the GP to the Mobile phone of the On Call Physician
- The On Call Consultant Physician will then discuss the case with the GP and decide whether the patient can be accepted for assessment/ admission
- Once the patient is accepted by the On Call Physician, the GP completes a detailed letter to accompany the patient.
- GPs are requested to inform the unit of a patient who has diarrhoea and or vomiting or any other condition which is transmissible.
