

INJURY UNIT

What We Treat

The Injury Unit will treat patients with injuries that are not life-threatening and unlikely to result in serious long term disability.

The Roscommon Injury Unit will not treat medical conditions, pregnancy-related or gynaecological problems, injuries to the chest, abdomen or pelvis and serious head and spine injuries.

If you are not sure if you should attend the Injury Unit, please phone us on 090 663 2212 or 090 663 2120

The Injury Unit is open from 8am to 8pm, 365 days a year and is staffed by Doctors, Advanced Nurse Practitioners and Nurses.

The average turnaround time for seeing and treating patients is less than 60 minutes.

What We Treat

We are able to see, diagnose and treat a wide range of Injuries for both adults and children over five years old. X-ray diagnostics are available on site. You do not need to make an appointment and the team is experienced in treating people quickly and efficiently.

Pathway of Care

The staff at Roscommon Injury Unit will refer you to different specialist teams if needed and can book follow-up appointments for you.

Injury Unit Fees
